

POWER SOLUTIONS

- For Camcorders from DSLR to Digital Cinematography
- 15 Years of Experience in Powering Production Equipment
- Using High-End Sanyo Cells exclusively

PIERRE BOUDARD
FOUNDER

MADE IN GERMANY

UNIQUE FEATURES

VIRTUALLY UNBREAKABLE

- I** The bebob batteries are designed to survive a fall of 1.5 m. Nevertheless, if one should crack, the modular concept allows any mechanical part to be replaced. Each is covered by a 2-year warranty.

RE-CELLABLE

- I** The bebob batteries aren't disposables but durable equipment. When the capacity has become insufficient after years of use, batteries can be re-celled easily in our factory for about half the price of a new one or even for free if it happens during the warranty period.

TWIST-D-TAP

- I** Only bebob batteries offer the unique bebob Twist-D-Tap. This rainproof socket allows you to plug a D-Tap connector into the battery with your choice of cable trailing from the left or right.

TWO DIFFERENT MOUNTS

THROUGHOUT ALL POWER SOLUTIONS

- I** All products are available either as V-Mount (compatible with Sony, IDX, etc.) or as 3-Stud Snap-on (compatible with Anton Bauer, etc.).
- I** The different mounts are indicated in the product names:
 - »V« stands for a V-Mount, and »A« stands for a 3-Stud Snap-on.

NEW

COCO BATTERY ADAPTERS

TECHNICAL SPECIFICATIONS

- | Powers small camcorders with broadcast batteries
- | Powers up to 5 additional accessories (e.g. onboard light, monitor, external recorder, wireless audio, etc.)
- | 5 additional ports: 4 Hirose-4Pin 7.2 V and 12 V, 1 Twist-D-Tap
- | COCO-15 for 15 mm lightweight supports
- | COCO-AF for Panasonic AG-AF 100/ 101
- | Comfortably light – only weighs approx. 0.3 kg

NEW

INTELLIGENT BATTERY 75 PLUS

FOR AUDIO AND SMALL CAMCORDERS

TECHNICAL SPECIFICATIONS

- | Dedicated to audio applications and small camcorders as the Sony PMW-F3 or the Panasonic AG-AF100/ 101
- | 5 additional outputs: 4 Hirose-4Pin 7.2 V and 12 V, 1 Twist-D-Tap
- | One main On/Off switch for all outputs

COMPANY PROFILE

Since 1995, bebob is an innovative partner of the film and broadcast production industry. The company offers three product ranges:

- REMOTE** Iris, focus and zoom controls for DSLR, Mini HD and broadcast camcorders.
- LIGHTING** For ENG applications – onboard-, hand- and reporter lights from 4 to 60W employing tungsten and LED technology
- POWER** Broad range of batteries, chargers, accessories and Hot Swap adapters based on two different technologies – Li-Ion and Li-Manganese.

bebob **designs, manufactures and assembles** in its headquarter in **Munich, Germany**, using the knowledge and traditional values of highly educated German craftsmanship.
