About ORCA Bags

ORCA was created to provide the best, customized bags and accessories for today's working broadcast and cinema professionals worldwide. Our philosophy is simple: design products that reflect the input of working industry Pros, and give them with the best solution to get the job done easily, comfortably and efficiently.

ORCA's Research and Development team has been part of the cinema, sound and TV industry for over 30 years. This experience allows us to provide the finest gear bags and accessories, bar none. Our R&D team has crafted the entire Orca line using the most advanced technologies and superior materials available. The result is an unmatched, field-proven line of smart bags and accessories, expertly designed to carry and protect delicate video, lighting and sound gear to assist users on the set, wherever they may be shooting.

SHOULDER VIDEO BAG MODELS: OR-4/6/8/12

The ORCA Shoulder Video Bag is expertly designed to carry and protect your video camera and all its related items, from studio to location, and anywhere else you choose to shoot. ORCA Video Bags are highly

protective, with their external aluminum frame, internal honeycomb frame, and layers of foam and EVA. The bags are extremely light, versatile and easy to carry. ORCA Video Bags come in 4 different sizes,

each with four external pockets, padded shoulder strap and a flexible internal dividing system that can be configured according to the users' needs.
