

C20S 150

Code: H513/150

Fluid Heads 150 mm

Minimum Payload	0 kg - 0 lbs
Maximum Payload	32 kg - 71 lbs
Weight	6,5 kg - 14,3 lbs
Bowl Diameter	150 mm
Fluid Drag	7 steps + 0
Counterbalance	7 steps + 0
Pan Range	360°
Tilt Range	+/-65°
Temperature Range	-40°/+60°

SPECIFICATIONS

Designed to provide an extremely stable support for standard EFP configurations, the **C20S** is ready to operate with a wide range of cameras weighing from 7 to 32 Kg (15 to 71 lbs). **C20S** features three award winning fluid damping modules assuring outstanding drag levels and extraordinary smoothness in both pan and tilt modes.

Movements can be selected with 7 precisely repeatable steps of drag, while free wheeling is available by simply setting the drag selector ring into position "0". Counterbalance is activated by an easy grip selector in 7 progressive steps and "0".

The **C20S** comes with a 150 mm bowl base, illuminated spirit level and one telescopic pan bars. A 100 mm bowl base is also available as an option.
