

ET-PV2UR

V-Mount Adaptor for Blackmagic URSA Camera

IDX continue to develop the latest accessories for Broadcast and Cine cameras with a V-Mount power solution for the Blackmagic URSA Cinema Camera, the **ET-PV2UR**.

The ET-PV2UR is designed to attach directly to the rear of the URSA camera body. Based on the popular IDX V-Plate chassis, the ET-PV2UR allows direct mounting of any high capacity IDX ENDURA Lithium Ion battery. In consideration of the high current draw of the URSA; IDX recommend the following batteries for this application, Elite, E-HL9, E-HL9S, DUO-150 and CUE-D150.

The ET-PV2UR also contains an unregulated D-Tap output to allow the use of professional on-board camera lights and other accessories.

Technical Specification:

D-Tap Output Voltage:

12~17V DC

Max. D-Tap Output:

50W

Dimensions:

82.5(W) x 142(H) x 12(D) mm

Weight:

210g approx.

Included Accessories:

M3 (8mm) screw x 4

E & OE
